

Free Printable Ruler

CM + Inches | 6 inches (152.4 mm) | US Letter | portrait | 1/8 inch

Print at 100% / Actual Size. Turn off Fit, Shrink and multiple pages per sheet.

1 piece. Measure from the 0 line, not the cut paper edge.

Cut on the dashed outline; keep the 0 and end lines.

CHECK THE PRINTED SCALE

100 mm - measure between line centers

1 inch (25.4 mm)

Use a reliable ruler to check these lines. This sheet cannot verify itself.

1. Use the paper size and orientation shown at the top of this page.
2. Print one PDF page per sheet at 100% / Actual Size.
3. Check the horizontal, vertical and inch reference lines before cutting.
4. If the size is wrong, check the driver settings before measuring.
